- Mathematical Techniques
- Discrete Mathematics Databases Decision Support Systems

Hoërskool Oosterlig

Boksburg, South Africa

National Senior Certificate

2016 - 2020

Summary

I have a strong passion for Computer Science and Information Technology. Throughout my studies, I have gained comprehensive knowledge and practical experience in various programming languages, which has equipped me with the skills to solve complex problems and develop efficient solutions. I am committed to continuously enhancing my expertise in the tech industry and am eager to contribute to innovative projects that drive meaningful outcomes. My goal is to join a dynamic team where I can apply my technical skills, collaborate effectively, and make a positive impact.
